When You Want to **Share**
Everything, Except **Fungus**.

□ **THE REMY** □
Safe & Effective Red Light Therapy

If You've Tried Everything To
Get Rid of Toenail Fungus
Only for It To Fail or Return...
It's Time For The Remy™ Laser.

The Remy Laser uses light energy to "attack" fungus
while accelerating growth of white blood cells.
**This creates a crucial line of defense against
dermatophytes causing infection.**
